

Why Are We Praying?

Fellowship Missionary Baptist Church is committed to the trichotomous care of her members. This care includes: the spiritual, the mental, and the physical. We are united with our brothers and sisters across the globe who are impacted by the COVID-19 Pandemic also known as The Coronavirus. For 30 days, Fellowship Chicago is committed to praying for the world, our leaders, our communities, and our church family.

What is Prayer?

Prayer is our intentional reach for God's direct and specific involvement in our life. Prayer is communication with God, giving thanks, requests and desires, knowing He can and will respond through thoughts, ideas, situations, people but, primarily His word.
James 5:16

My Prayer should include...

Self - Pray for your personal growth, improvement, and other specific needs.

Situations - Pray for specific situations happening in your life & the life of those around you

Success - Pray for the ability to do well in every aspect of life.

Surroundings - Pray for your family, friends, church, community, and leaders.

What is Meditation?

Meditation is the act of giving our time or attention to a thought, concept, situation or person. Meditate on the Word of God.
Joshua 1:8

Seven Purposes of Prayer

First (Focus) May God propel you toward His purposes for your life.

Second (Faith) May you trust God in every season, and your faith in God be strengthened.

Third (Fruit) May your life produce meaningful results.

Fourth (Fervency) May you (re)gain your edge and (re)ignite your passion for the things of God.

Fifth (Fight) May you press through those hard situations that seem overwhelming.

Sixth (Finish) May you break through the chains of fear, doubt, and discouragement.

Seventh (Flexibility) May you gain peace and wisdom while in life transitions.
