Fellowship Chicago Annual Juneteenth Block Party

Dear Prospective Sponsor,

Fellowship Missionary Baptist Church (Fellowship Chicago) invites you to partner with us for our Annual Juneteenth Block Party, taking place on Friday, June 19, 2026, in Fuller Park.

This signature community event brings together more than 2,000 attendees of all ages for a vibrant day of celebration, culture, and connection. The Juneteenth Block Party features over 50 Black-owned businesses—along with health and wellness resources, food trucks, live entertainment, and engaging activities for children, families, and respected elders.

Now entering its third year, the Fellowship Chicago Annual Juneteenth Block Party—affectionately known as "Fellowship on Da Block"—continues to grow in both impact and reach. In 2026, our goal is to make the celebration even bigger by expanding family-friendly programming, increasing attendance, and further strengthening our connection to the Fuller Park community. Your sponsorship will play a critical role in helping us provide a safe, welcoming, and joyful event that uplifts and celebrates our community.

Our sponsorship opportunities offer meaningful visibility for your organization while demonstrating a shared commitment to community engagement and cultural celebration. Sponsors gain direct exposure to thousands of attendees, as well as the opportunity to build authentic connections with Fellowship Chicago and the surrounding community.

Please review our sponsorship flyer, which outlines available sponsorship levels and benefits.

Ready to make an impact? Click the "Become a Sponsor" button to confirm your participation and support of this year's Juneteenth Block Party.

If you have questions or would like additional information, please contact us at juneteenth@fellowshipchicago.com.

Thank you for considering this opportunity to partner with Fellowship Chicago as we honor history, celebrate freedom, and invest in our community.

Sincerely,

Annual Juneteenth Block Party Planning Committee
Fellowship Chicago
